

VACCINES FOR CHILDREN

Vaccines for Children is a program that provides immunizations to children, 18 years of age and younger, who qualify for state-funded vaccines. This includes children who have no insurance, are under-insured (insurance does not cover the cost of immunizations), have Medicaid, or are American Indian or Alaska Native.

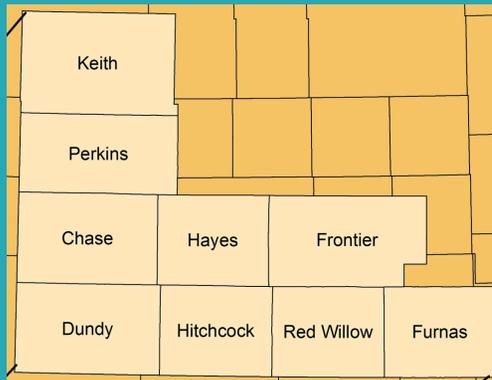

VACCINES FOR ADULTS

The Vaccines for Adults Program offers a limited selection of vaccines for qualifying adults, age 19 years and older, who are not insured or are under-insured.

Other Payment Options:

- Insurance Billing
- Cash/Check
- Credit/Debit Card
