Vaccines for Children Public Clinics in July

Southwest Nebraska Public Health Department (SWNPHD) will be offering Vaccines for Children at public clinics in July. Anyone two months of age and older are invited to get their vaccinations. School and college start next month so now is the perfect time to get your kindergartner, 7th grader, college student or any child who may be behind on their shots up to date before the back-to-school rush.

Locations include:

Curtis – Monday, July 14th, 4:30-5:30 pm at Medicine Valley High School.

Imperial – Wednesday, July 16th, 4:00-6:00 pm Mountain Time at Chase County Clinic.

Ogallala – by appointment only, based upon the nurse availability, at 418 N Spruce (across the street from the Methodist Church).

McCook – daily Monday-Friday, 8:00-4:00 pm based upon the nurse availability, at 404 West 10th Street (one block north of Arby's).

Other locations: check with your local healthcare provider or pharmacy.

Summer clinics tend to be busy; we encourage those interested in vaccination to call to schedule an appointment. Walk-ins are welcome, but priority will be given to those with a scheduled appointment.

Vaccines for Children is funded in whole with federal and DHHS funds. Children with no insurance, under-insured, Medicaid, Native American or Native Alaskan qualify for state-funded vaccine. Adults who are uninsured or under-insured may also qualify for state funded vaccine. Call the office for qualifications at 308-345-4223. Only state-funded vaccines are available at the Imperial location. Both state-funded and private vaccine will be offered at all other clinics. Insurance billing and cash or credit card payment options are available to those who do not qualify for the state-funded vaccine.

Southwest Nebraska Public Health Department serves Chase, Dundy, Frontier, Furnas, Hayes, Hitchcock, Keith, Perkins, and Red Willow counties.
